

Making Sense Out of Every Link in the Supply Chain

COSCO SHIPPING Logistics (North America), known as **CLA**, was founded to vertically integrate the range of supply chain services and vast resources available from the global shipping giant **COSCO**. Now, **CLA** has grown to become the world's leading provider of third party logistics by combining extensive facilities, assets and equipment with a level of customer service that is setting standards for the industry. With strategically located warehouses and a virtually infinite range of supply chain services **CLA** connects shippers with all of North America and ultimately the world. Essentially, no matter what the cargo or where the destination, **CLA** can move it efficiently, safely, and securely, with a suite of management technologies that streamlines the entire process. What's more, **CLA** knows China and the Asian hemisphere better than any other, with more than 400 overseas branch offices able to arrange transport to any point, by truck, rail, air or barge.

Domestic Rail

CLA offers decades of experience providing domestic Ramp-to-Ramp ISO container stack train service, with highly competitive incentive-based rates sourcing **COSCO SHIPPING** & Leasing Companies ISO containers. Multiple full service warehouse capabilities near strategic hubs and ports. Third Party line haul services available for container asset providing shippers. Trucking

In addition to our relationship with hundreds of capable, safety conscience carriers serving all major rail hubs, ports and cities in North America, **CLA**'s subsidiary trucking company is one of the top container drayage companies in North America. With over 400 owner operators we're moving more than 10,000 containers per month. Facilities are located close to major market hubs with operations in Wilmington, CA (Long Beach / Los Angeles), Chicago, Dallas, Charleston, Savannah, Atlanta and growing. Contact: www.ibttruck.com

Project Logistics

No matter how big, how complicated or how unique your project cargo is, **CLA** can move it quickly, cost-efficiently, and smoothly. Specialties include heavy lift or over-dimensional, valuable and delicate, out-of-gauge or over-weight cargo, and dry bulk commodities. **CLA** has the national and international resources, unmatched experience and unique problem-solving skills necessary to move specialized cargo anywhere, worldwide.
